 **Single financial management**

Thanks to 3 different EU funding sources between 2007 and 2013 the SEE Programme fostered territorial, economic and social integration of EU and non-EU countries in the area. The supported transnational partnerships cooperated to overcome together common challenges in the fields of innovation and entrepreneurship, environment protection, virtual and physical accessibility, cultural assets management and territorial governance. Check out on the results of their united efforts at: www.southeast-europe.net/en/achievements/outputs_library/

SEE THEMATIC CAPITALISATION STRATEGY

Wealth of knowledge and results

122 SEE transnational partnerships

OBJECTIVES

create synergies between projects
increase visibility
increase impact of results

influence the future

3 new transnational programmes:

Adriatic-Ionian, Balkan-Mediterranean and Danube

4 priorities:

Innovation

Environment

Accessibility

Sustainable
Urban Growth

14 Poles:

SEE PROGRAMME SUPPORT

- 4 Thematic Seminars
- SEE Annual Event 2013, Bucharest
- Presentation of Strategy outcomes: SEE Annual Event 2014, Ljubljana
- SEE website: specific section and Outputs library

SOME THEMATIC POLE OUTCOMES

Peer review or benchmarking of project outputs

- Identification of solutions to common challenges
- Sharing methods and good practices
- Compatibility of outputs

Reinforce existing or create new cooperation networks

- Creation of links among knowledge-triangle actors
- Development of institutional and multilevel relations
- Establishment of collaboration with international organisations

Joint development of tools to be used by several projects

- Database of 2400 stakeholders and key-words
- Platform for exchange of information
- Knowledge archive for capacity building
- Brainstorming templates to identify common barriers and solutions

Joint stakeholder engagement

- National and regional decision-makers
- EU institutions
- Programming bodies of future programmes in the area

Preparation of future joint proposals

- New project ideas
- Future projects on common problems and challenges
- Exploring interconnections

Joint documents

- Sets of policy recommendations
- Common policy guidelines
- Final position paper with 15 project solutions

Cooperation with third programmes/institutions

- Involvement of fellow projects
- Incorporated tools from other programmes
- Professional linkages built
